Acknowledgment and Assurance of Confidentiality

This application will be kept confidential. Individual student names are not used in the evaluation and approval process.

The Butler Band Boosters has limited funds for fee assistance. Every attempt will be made to provide some assistance to every student who applies. However, the assistance amount approved is subject to the availability of funds. Fundraising opportunities are available to help further reduce out-of-pocket expenses. Students who receive fee assistance are expected to participate in all band fundraisers.

A successful marching band program requires significant parent involvement. All band families are required to participate in the band's biggest fundraisers, Matthews Alive and the Butler Festival of Bands. In addition, families who receive financial assistance are asked work 2 **additional** shifts at each of these events.

I have read, understand and agree to the above.
